Ref. No. PKHNMM / NOTICE / Infosys BPM / 2026 / 83

Date : 28. 10. 2026

Notice

All students are hereby informed that **Infosys BPM Ltd.** in partnership with **University of Calcutta** has recommended four online courses on Artificial Intelligence (AI) through the Infosys Springboard platform to enhance their knowledge and skills in AI and its practical applications.

Students are encouraged to enroll in and complete the following courses:

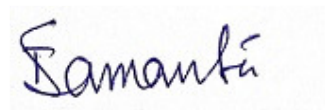

Sl. No.	Course Name	Duration	Course Link
1.	Introduction to Artificial Intelligence	6 hours 18 minutes	https://infyspringboard.onwingspan.com/web/en/app/toc/lex_8840337130015322000_shared/overview
2.	Artificial Intelligence for All	2 hours 10 minutes	https://infyspringboard.onwingspan.com/web/en/app/toc/lex_auth_01420330607732326463/overview
3.	Prompt Engineering	3 hours 36 minutes	https://infyspringboard.onwingspan.com/web/en/app/toc/lex_auth_013719953643773952304_shared/overview
4.	Fundamentals of Responsible AI	3 hours 25 minutes	https://infyspringboard.onwingspan.com/web/en/app/toc/lex_auth_014192779320344576422_shared/overview

The total duration of the courses is approximately **15 hours and 29 minutes**. Students are advised to follow a self-paced learning schedule of approximately two hours per day and complete all four courses within seven days.

All students are encouraged to take advantage of this learning opportunity to develop their understanding of Artificial Intelligence, prompt engineering, and the responsible use of AI in academic and professional contexts.

Students are advised to complete the courses sincerely and submit their course completion certificates to igacpkhnm@gmail.com. They are also requested to retain copies of their certificates for future reference.

The **self-registration guidelines for Infosys Springboard** are also attached to this notice for students' reference and guidance. Students are advised to follow the instructions carefully to register on the platform and access the recommended courses.

Computer program

Step 2 :

The screenshot shows the Infosys Springboard website. The header includes the "Infosys Springboard" logo and navigation links for "About Us", "Focus Areas & Skills", and a "LOGIN" button. A yellow callout box points to the "LOGIN" button with the text "Click Login". The main content area features a paragraph about digital literacy and a video player showing Nandan M. Nilekani, Chairman and Co-Founder of Infosys, speaking about reskilling initiatives. A "GET STARTED" button is located at the bottom of the page.

Infosys Springboard

About Us Focus Areas & Skills LOGIN

The future of India will be shaped by today's younger generation who need quality education through digital literacy, making them productive and self-reliant citizens. 'Digital literacy' is the skills required to achieve digital competence and use of Information and Communication Technology (ICT) for work, leisure, learning and communication. It does not replace traditional forms of literacy, instead complements and amplifies the skills that form the foundation of traditional forms.

Nandan M. Nilekani
Chairman and Co-Founder, Infosys

Infosys will expand reskilling initiatives to empower 10 million plus people with digital skills and 80 million plus lives with technology for good programs in e-governance, healthcare and education.
